

WHISPERCHICKS

WHISPER 556 (5.56mm)

WHISPER 556 Suppressor: Unmatched Precision, Silence, and Durability

The **WHISPER 556** is a groundbreaking 5.56mm suppressor engineered for shooters who demand perfection. Delivering virtually zero POI shift, exceptional flash reduction, significant recoil mitigation, minimal gas blowback, and industry-leading sound suppression, the WHISPER 556 redefines performance for tactical and precision applications.

Cutting-Edge Design for Superior Performance

Using exclusive access to the world's most advanced particle and gas flow simulation software, powered by cutting-edge supercomputers, Whisperchicks perfected the WHISPER 556's ability to manage muzzle blast. By expertly stripping hot gases from the projectile, the WHISPER 556 progressively cools and reduces pressure for a controlled release, achieving an impressively low decibel output. This innovative design minimizes backpressure, enhances heat dissipation for superior durability, and—most remarkably—often improves weapon accuracy without compromising precision.

Built to Last with Premium Materials

Crafted from Ti 64V ELI (Grade 23) titanium alloy, a material renowned in aerospace, medical, and marine industries for its high strength-to-weight ratio and exceptional corrosion resistance, the WHISPER 556 is built for a lifetime of rugged performance. Its lightweight yet robust construction ensures reliability in the harshest conditions.

Key Features

- Virtually Zero POI Shift: Maintains your weapon's accuracy with no point-of-impact deviation.
- Extraordinary Flash Reduction: Minimizes muzzle flash for enhanced stealth and low-light performance.
- Significant Recoil Reduction: Reduces felt recoil for faster follow-up shots and improved control.
- Minimal Gas Blowback: Limits gas exposure to the shooter, enhancing comfort and safety.
- Ultra-Quiet Operation: Advanced gas management delivers top-tier sound suppression.
- Universal Compatibility: HUB 1.375 x 24 compatible, fitting all HUB QD devices, it includes Whisperchicks's proprietary direct thread brake.

Why Choose the WHISPER 556?

The WHISPER 556 combines science and performance into a suppressor that excels in every metric. Its advanced engineering ensures whisper-quiet shots, enhanced accuracy, and unmatched durability, while its lightweight titanium construction and universal compatibility make it the ideal choice for any 5.56mm platform. Elevate your shooting experience with the Whisperchicks WHISPER 556—a suppressor that sets the standard for excellence.

Caliber: 5.56mm
Construction: Ti64V ELI Grade 23
Diameter: 1.75" / 44.45mm
OAL (w/o mount): 7" (178mm)
Weight (w/o mount): 13.2 oz
Attachments: HUB, Direct Thread, QD
Colors available: Rose Gold, Glacier
Black, Prison Pink,
Aztec Teal
